CLOSING

Designed for real life. Made to last.

Timeless by nature. Engineered for life.

Wood is not
just a finish.
*It is part of
spatial language.*

At KAHL, we see flooring as more than a material.

Surface, tone, texture, and pattern shape
the atmosphere of a space.

Each collection is developed to balance
natural beauty, durability, and architectural expression.

WHO IS KAHL

Designed with intention. *Delivered with control.*

KAHL is a Vietnamese engineered wood flooring manufacturer focused on quality, consistency, and long-term reliability.

We control the full process — from sourcing and production to installation and after-sales support.

This allows designers and developers to work with one accountable partner.

FSC® SOURCED MATERIALS

Responsible sourcing for a better future.

CONTROLLED MANUFACTURING

In-house production for consistent quality.

IN-HOUSE INSTALLATION

Professional teams ensure proper execution.

AFTER-SALES SUPPORT

We stay with you beyond project completion.

THE KAHL SYSTEM

One integrated system. *Less risk. Better execution.*

1. MATERIAL SELECTION

Carefully sourced timber from responsible forests.

2. ENGINEERING

Precision engineering for stability and performance.

3. SURFACE FINISHING

Crafted finishes that reveal the true beauty of wood.

4. QUALITY CONTROL

Rigorous inspection at every production stage.

5. INSTALLATION

Professional installation by in-house teams.

6. AFTER-SALES SUPPORT

Dedicated support for long-term peace of mind.

Design quality depends
on *execution quality.*

INSTALLATION EXCELLENCE

Precision in every step.
Perfection in every detail.

KAHL flooring is designed for seamless installation and lasting performance. Our proven process ensures beauty, stability, and satisfaction from subfloor to the final step.

THE KAHL INSTALLATION PROCESS

01 PREPARE THE SPACE

Ensure the subfloor is clean, dry, level, and structurally sound.

02 ACCLIMATE THE FLOOR

Acclimate boards in the installation environment for 48–72 hours.

03 PLAN THE LAYOUT

Plan the layout for best visual flow, balance, and minimal waste.

04 INSTALL WITH PRECISION

Use the tongue & groove system for a secure, tight fit and smooth installation.

05 FINISH WITH CARE

Tap gently, check alignment, and maintain consistent expansion gaps.

06 ENJOY FOR YEARS

Step into timeless beauty and engineered to perform for life.

KEY INSTALLATION BENEFITS

STABLE & SECURE

Engineered structure minimizes movement and gaps.

FASTER INSTALLATION

Precision milling enables a smooth and efficient process.

LONG-TERM PERFORMANCE

Proper installation ensures maximum durability and beauty.

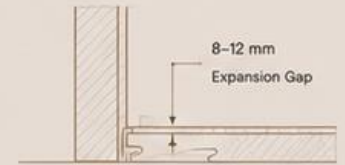

PEACE OF MIND

Backed by KAHL's warranty when installed correctly.

PROFESSIONAL TIPS

- Maintain 8–12 mm expansion gap around all perimeters.
- Stagger end joints for a stronger, more natural appearance.
- Use spacers during installation and remove after completion.
- Protect the floor during and after installation.
